Let *OPEN MINDS* help you  
 build your management  
 "Dream Team" ...

Does your management team have the knowledge and skills they need to succeed in today's increasingly competitive health and human service environment?

Are they prepared for the changes we'll see tomorrow?

If not, let *OPEN MINDS* help you build your management Dream Team! Sign up your executive team for the *OPEN MINDS* Dream Team management education program.

Today's executive teams need competencies in five key areas: financial management; information technology; leadership and governance; marketing and development; and strategic management. The *OPEN MINDS* Dream Team program provides an executive boot camp on both theory and practice in each of these areas by supplying your team with registrations to our five annual, highly-acclaimed, executive institutes:

- ◆ World Class Tools to Maximize Performance: The Financial & Information Technology Management Institute
- ◆ Tools for Strategic Planning & Effective Management: The Strategic Management Institute
- ◆ Building Your Executive Leadership Team: The Executive Leadership Institute
- ◆ The Innovation Institute: Preparing Executives for the Next Generation of Behavioral Health & Social Services
- ◆ Institute for Behavioral Health Informatics: The Future of Technology in Behavioral Health

Increasing complexity and competition have created new challenges for management teams in the behavioral health and social service field. New information technology, competitive bidding, shrinking margins, workforce strategies, and new regulatory issues are just a few of the emerging responsibilities for today's executive. The *OPEN MINDS* Dream Team program builds the competencies your team needs for success.

- 1** Our institutes bring the latest management models to your team and shows them how to apply them in their work
- 2** The Dream Team program provides an opportunity to hear from (and network with) senior executives from across the country
- 3** Your team will keep on top (and in front) of the trends that determine success in the field
- 4** The Dream Team Management Education Program can fill an essential role in your organization's succession planning — with updates on the critical management descriptions for your senior leadership candidates
