

**Gary W. Humble, Senior Consultant**, has over twenty-four years in the managed care industry and, specifically, over fourteen years in the behavioral health industry.

Mr. Humble began his career as an account representative, working for several Health Maintenance Organizations marketing various managed care products to large employer groups in Northeast Ohio. Since 1992, he has worked for profit and not-for-profit behavioral health organizations, contracting with behavioral health managed care organizations and building internal systems to ensure compliance with those organizations' requirements.

In 1998, Mr. Humble founded G&M Consulting, providing consulting services to community-based behavioral health agencies and private practice groups in Northeast Ohio. In his work with G&M, he has been privileged to provide consulting services to other community-based behavioral health agencies in a variety of states including Arkansas, Florida, North Carolina, Illinois, and Oregon. In 2003, G&M Billing Services was formed to provide billing services exclusively to the behavioral health community. Mr. Humble's clients include both private practices, as well as community-based agencies.

#### Professional Highlights
